International Law offers a rigorous yet accessible introduction to public international law for students.

Presenting a clearly structured conceptual framework, the text is designed to support understanding by providing a concise, coherent perspective of international law principles and systems at domestic, regional and international levels.

International Law - Hennie Strydom; Christopher Gevers ...

In general, international trade allows countries to focus on the industries in which they can be most productive and efficient. In this way, trade often raises the standard of living of both producers and consumers. International trade also has a dark side. This SparkNote will address many of the questions about international trade that are ...

14 We make this assumption so that the change in the terms of trade resulting from A's tariff is small. In passing, however, it should be noted that the more mobile is capital, the smaller is the change in the terms of trade resulting from a tariff, this means that the optimum tariff will be smaller with, than
