Hells Mouth

Hellmouth, or the jaws of Hell, is the entrance to Hell envisaged as the gaping mouth of a huge monster, an image which first appears in Anglo-Saxon art, and then spread all over Europe. It remained very common in depictions of the Last Judgment and Harrowing of Hell until the end of the Middle Ages , and is still sometimes used during the Renaissance and after.

Hellmouth - Wikipedia

Hellmouth or Porth Neigwl is a 3½ mile long sandy beach on the south-west side of the Llŷn Peninsula. The shore is mostly medium or coarse sand, backed by banks of sand and boulder clay which become higher towards the north-western end. A rich variety of pebbles can be found here, from white quartz to black slates.

At Hell's Mouth the 300ft high cliffs take your breath away and despite the danger, you are drawn ever closer to the edge. The expansive views pull your eyes away from what lies at your feet. A panorama opens up in all directions. This is a place of harsh, untamed beauty. But Hell's Mouth's darker side is undeniable.
