International relations theories: discipline and diversity by timothy Dunne (2013). Also, how, if at all, has Western political thought been shaped by the West's colonial and imperial past? Finally, your answer should refer to both Political Theory and International Relations theory.

History of Modern Political Thought - International ...

International legal theory comprises a variety of theoretical and methodological approaches used to explain and analyse the content, formation and effectiveness of public international law and institutions and to suggest improvements. Some approaches center on the question of compliance: why states follow international norms in the absence of a coercive power that ensures compliance.

International legal theories - Wikipedia

Rethinking International Relations. Geopolitics has never found a congenial place within the Marxist tradition, let alone been properly theorized. Consider the exemplary Nicos Poulantzas, originator of the best Marxist works on the state in the 1960s and 1970s. His focus is on class and structure in a domestic setting, as though international ...

Anders Stephanson, Rethinking International Relations, NLR ...

Taken together, these comments lead to a simple conclusion: International relations runs the danger of becoming a discourse applicable only to one part of the world, organized by powerful theories, legitimized by a specific and flawed epistemology, (p. 782) and “disciplined” by the structures of the discipline itself. In place of this, international relations needs to become more applicable to politics outside the world of the dominant power, more interested in the security concerns of ...

Six Wishes for A More Relevant Discipline of International ...

Introduction The idea of international relations (IR) as a social science is represented in many ways in IR literature. The definition of “science” is highly contested in its application to the discipline. Another issue of contention is whether there is any intrinsic distinction between natural and social sciences.

International Relations as a Social Science ...

International relations (IR) theory is difficult to define. It is often taught as a theory that seeks both to explain past state behavior and to predict future state behavior. However, even that definition is contested by many theorists.
