The purpose of this toolkit is to provide guidance for interested investors and property fund and asset managers on how to commit to Responsible Property Investing (RPI) as an investment strategy, how to put into place governance and management structures that integrate RPI into corporate culture and practice and how to engage with other stakeholders in developing the field.

Committing and Engaging

IAS 40 applies to the accounting for property (land and/or buildings) held to earn rentals or for capital appreciation (or both). Investment properties are initially measured at cost and, with some exceptions, may be subsequently measured using a cost model or fair value model, with changes in the fair value under the fair value model being recognised in profit or loss.
