Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

### Its All Your Fault At

Bill Eddy's *It's All Your Fault* is a must-have book for anyone (and that is most of us) who have what he calls High Conflict People in our lives. What makes this book so valuable is that it isn't a psychology book, even though he does briefly write about the origins of the personality disorders that HCPs suffer from.
