Hi, I have an NEC
NSW-452 Top Loading

File Type PDF Nec Nw 452 Manual

washing machine and it has stopped working completely. When I turn the power on at the wall (I've checked the socket and it's working fine) and turn it on using the display panel nothing happens - none of the LEDs come on. Has anyone had a similar problem or does anyone know what I could do for this? Thanks, S.
