If you're one of the ones with unreasonable doubts, it will crush your last pretenses, because the KGB let Weinstein and Vassiliev look at some of their files, confirming the identities of numerous agents.

The Haunted Wood: Soviet Espionage in America - The Stalin ...

The "Haunted Wood" is often cited by defenders of the Red Scares as demonstrating that Soviet spying was, indeed, a major threat. After reading it, the conclusion I come off with is a little different: that while there were spies in the 1930s and during World War II, Russian espionage operations were nearly totally disabled by the 1950s when McCarthyism occurred.

That discussion could not mature until the fraudulent debate on the fact of their involvement in espionage was largely resolved. One of the questions The Haunted Wood raises, at least by implication, is that of the motives of the Soviet Union's American accomplices. Recent commentators have contrasted mercenaries like Aldrich Ames and John Walker with the "spies of conviction" of the 1940s.

Charles Flato - Wikipedia

Since the late 1920s, the Soviet Union, through its GRU, OGPU and NKVD intelligence services, used Russian and foreign-born nationals as well as Communist, and people of American origin to perform espionage activities in the United States. These various espionage networks had contact with various U.S. government agencies, transmitting to Moscow information that would have been deemed confidential.
