2 If your nervous system, which includes your brain, is the control center for your body, then your brain is its commander-in-chief. 3 Your brain has three main parts: the large part called the cerebrum, the smaller part in the back called the cerebellum, and the brain stem which attaches the brain to the spinal cord.

### The Brain | edHelper.com

The place where two or more bones meet is called a joint. Joints are either movable or immovable. There are four kinds of movable joints: hinge, pivot, gliding and ball-and-socket.
