The Next Decade: Empire and Republic in a Changing World ...

The Next Decade is a 2010 book by George Friedman, who addresses the United States' relationships with other countries and the state of the world in general throughout the 2010s. The main theme of the book is how the American administrations of the 2010s will need to create regional power balances, some of which have been disturbed. Friedman conceptualizes America's successful management of world affairs not by directly enforcing countries, but by creating competing relationships, which offset o
