Pull your gap wedge out of your bag when you are 65 to 80 yards from the green. The gap wedge has greater loft than a pitching wedge, and a good back swing with a full follow through should get the ball to stop within 8 feet of where it lands on the green. Step 3 Try the lob wedge when you are 60 yards or less from the green.

One of the easiest fixes for a spinning umbrella is to get a cone. A cone is a small, smart device that, once placed on the umbrella shaft, and connected the table and the umbrella, fills in the previous gap, which may have caused your umbrella initially to swing awkwardly. The cone is also known as a wedge or stabilizer.
